# New Clinic Installation

Single Day Setup Guaranteed!

800-577-5694 • [www.AdvantageMedical.com](http://www.AdvantageMedical.com)

## Single Day Setup Guaranteed by 3:00pm!

### New Clinic or Existing Clinic Installation

Take the hassle out of managing the timing, delivery, installation, training and start-up for a completely new clinic or refurbishing an existing clinic.

Advantage Medical's professionals help with every step of the process, asking the right questions to identify what you need and planning the right solutions that will drive your business and guarantee patient satisfaction. From planning for your clinic's specific needs to choosing the right equipment and products to delivery, installation, cleanup, equipment training and ongoing customer support, we target all this to get you up and ready for patient care—within your timeline and your budget. Our "Advantage" extras eliminate the worry with a planning guide to get you started, loaner equipment when deadlines are tight and a manual of all warranties, serial number log, service and technical information for quick reference after setup is complete.

**Our Clinic Coordinator makes sure it all works for you**

Advantage Medical has updated or established a variety of freestanding clinics, wellness and health centers and industrial rehabilitation programs from coast to coast. Our Clinic Coordinator makes sure it all works for you, from the simplest piece of equipment through a complete clinic with the most innovative rehab setup and modalities.
